

Church School:

An essential part of every childhood!

On the following pages, you'll learn more about our programs for children in preschool through 7th grade. Church School is free and open to all interested families. Best of all, there's no advance registration, and your children can join any time!

Preschoolers: Discovering God's love through laughter and play!

Our littlest ones are cared for by loving volunteer teachers who teach God's love through simple stories, games, and art. These preschool classes are held in our first floor Nursery School classrooms, filled with age-appropriate toys and activities.

Kindergarten through Fifth grade: Learning Centers make it fun!

Is it a Games day? Or Cooking? Maybe it's Story time! Or Science! Our rotational Learning Centers are a big hit with our elementary-age kids! After opening gathering, children head off to their center for the day, where they learn the stories of our faith through play, creativity, and storytelling. Each six-week unit explores one story in different ways: rotating among the centers makes it easy for each child to learn in the way they most enjoy – and if a child has to miss some Sundays, they still have plenty of chances to learn!

Centers are led by volunteer teachers, along with our Junior Deacons: high school teens who are chosen for their commitment and leadership!

Sixth and Seventh Graders: Just for the Middle Schoolers!

We know that our middle school kids like their own space! So, our sixth and seventh graders have their own program, giving them the chance to think together, learn together -- and have a good time doing it! Meeting upstairs in the Church House, these youth explore what it means to grow in faith and character, and to be a compassionate, caring person. This program is taught by a dedicated team of volunteer teachers with a special heart for middle school!

Church School meets every Sunday
from 9 to 10 a.m. in the 'Church House' at
1045 Old Academy Road.

No advance registration needed:
come and join us any Sunday!
