Church School: Guiding our children in faith, with love!

Church School is a place where children learn what it means to be grounded in faith and hope, and to live with confidence and compassion. Here, our kids learn that they are loved, that they matter, and that they are a unique and beautiful creation of God.

Led by Marcia Carothers, Director of Christian Education, Church School meets every Sunday from 9 to 10 a.m. in the 'Church House' at 1045 Old Academy Road. No advance registration needed! - just come and join us, any Sunday.

The classes are led by volunteer teachers and are designed to provide a broad range of opportunities for our kids to grow in faith, learn the stories, and simply have a wonderful time together, too!

Preschoolers: Discovering God's love through laughter and play!

Our littlest ones are cared for by loving volunteer teachers who teach God's love through simple stories, games, and art. These preschool classes are held in our first floor Nursery School classrooms, filled with age-appropriate toys and activities.

Kindergarten through Fifth grade:

Learning Centers make it fun!

Our rotational Learning Centers are a big hit with our elementary-age kids! After an opening gathering, children head off to their center for the day, where they learn the stories of our faith through play, creativity, and storytelling - even a cooking center! Each six-week unit explores one story in different ways: rotating among the centers makes it easy for each child to learn in the way they most enjoy!

Centers are led by volunteer teachers, along with our Junior Deacons.

Sixth and Seventh Graders' Church School: Just for the Middle Schoolers!

We know that our middle school kids like their own space! So, our sixth and seventh graders have their own program, giving them the chance to think together, learn together -- and have a good time doing it! Meeting upstairs in the Church House, these youth explore what it means to grow in faith and character, and to be a compassionate, caring person. This program is taught by a dedicated team of volunteer teachers with a special heart for middle school!
